2. [REDACTED] LIAISON Together with [REDACTED]

OGC, and [REDACTED] OS, met with staff members Elliot Maxwell, Howard Leibengood and Ann Karalekas, Senate Select Committee on Intelligence, and discussed a final change to the Nondisclosure Agreement proposed by the Committee, provided there is no confirmation. The change would allow reference by citation to open source material containing information which is classified within the Executive Branch. Compromise wording was worked out which will be cleared with the Director.

[REDACTED] Agency had any information on the MIAs in Vietnam. [REDACTED] there is a move in the Senate to create a committee to look into this and Senator Bumpers is opposed feeling the matter has been thoroughly looked into. I suggested that Parkinson get a copy of General Walters', former DDGI, testimony before the House Select Committee on MIAs and a copy of that Committee's report.

4. [REDACTED] LIAISON Called Don Lynch, Senate Armed Services Committee staff, and advised him that the material on Soviet naval dollar costs was near completion and would be given to him tomorrow.

5. (Unclassified [REDACTED] BRIEFING Accompanied Dick Lehman and Howard Stoertz, NIO, and George Cary to a meeting with Senator Clifford Case (R., N.J.) and Bill Miller, Anne Karalekas, Hal Ford, and Ted Ralston, Senate Select Committee on Intelligence staff, regarding NIE 11-3-8 on Soviet strategic forces. The discussion centered on the "A Team" - "B Team" controversy. (See Memo for Record.)

[REDACTED] were now scheduled to begin on 24 January. Miller still hopes to work in a covert action briefing next week after Mr. Sorensen's confirmation hearings. I asked if it would be acceptable if we discussed the Philip Agee matter during the covert action hearings and Miller said yes if there was time. I asked Miller if it would be acceptable if Mr. Sorensen's prepared statement was delivered to the Committee tomorrow morning rather than this afternoon, as per earlier arrangements and Miller grudgingly agreed. Miller also gave me two new Committee requests; one a list of names of people alleged to be

25X1 8. (Confidential - []) HEARINGS Called Bill Miller, Staff
25X1 Director, Senate Select Committee on Intelligence, and told him that
Mr. Sorensen would be in the building this evening to work on his
prepared statement for the confirmation hearing on Monday and that
we would get it to him by Thursday. I also told him that we had been
in touch with Marshall Smith, of Mr. Sorensen's staff, who is working
on Mr. Sorensen's financial holdings, and they are now running it
through the computer but Mr. Sorensen said he wants to look everything
over before it goes to the Committee. I asked Miller about the information
they wanted on Mr. Sorensen's association with foreign clients and
whether this meant just Mr. Sorensen's clients or the whole law firm.
Miller suspected that both would be requested but that it would be kept
confidential.

Miller said since the confirmation hearings would be held on
Monday, 17 January, they were rescheduling []
24 January and he understood that the Director would not be there and
wanted to know if Mr. Knoche would be there. I said he would.

I also told Miller that the Director had gotten the necessary
approval to brief the Committee and staff on NIE 11-3-8 and the B Team
report and mentioned that we were also dealing with the Senate Armed
Services Committee on this subject. I told Miller I would get back to
him.

25X1 9. (Unclassified []) LIAISON Called [] DIA,
25X1 explaining we were fearful of some erosion and hoped that we would all
stick to the policy that unless staffers are on the committee payroll they
shouldn't have access to compartmented information. He agreed whole-
heartedly and mentioned the only place we might run into some difficulty
is with the Senate Armed Services Committee where five personal staff
members have been cleared by DOD.

25X1 10. (Unclassified []) LIAISON Larry Callahan, Department
of Justice, called concerning the lack of votes for the House Select
Committee on Assassinations to get the two-thirds approval under
suspension of the rule. Justice still does not have the Committee's
Memorandum of Understanding on clearances and the Committee is not
getting access to classified information.

He also mentioned a request from the Senate Select Committee on
Intelligence for a copy of Mr. Sorensen's testimony in the Ellsberg case.
